Terms of Use

The terms of use for this study can be found at:
<http://www.icpsr.umich.edu/icpsrweb/ICPSR/studies/35525/terms>

Information about Copyrighted Content

Some instruments administered as part of this study may contain in whole or substantially in part contents from copyrighted instruments. Reproductions of the instruments are provided as documentation for the analysis of the data associated with this collection. Restrictions on "fair use" apply to all copyrighted content. More information about the reproduction of copyrighted works by educators and librarians is available from the United States Copyright Office.

NOTICE
WARNING CONCERNING COPYRIGHT RESTRICTIONS

The copyright law of the United States (Title 17, United States Code) governs the making of photocopies or other reproductions of copyrighted material. Under certain conditions specified in the law, libraries and archives are authorized to furnish a photocopy or other reproduction. One of these specified conditions is that the photocopy or reproduction is not to be "used for any purpose other than private study, scholarship, or research." If a user makes a request for, or later uses, a photocopy or reproduction for purposes in excess of "fair use," that user may be liable for copyright infringement.

ICPSR PROCESSING NOTE FOR # 35525
Project STRIDE: Stress, Identity, and Mental Health
Restricted use data

- 1) Variable Name Recodes:**
 - The non-alphanumeric characters “@” and “\$” have been replaced with an underscore “_” in all the respective variables of this dataset. The list of all variables that have been renamed can be found on the following pages of this processing note.
- 2) Question Text:**
 - Question text was added to the data based on the original data collection instrument deposited by the Principal Investigator.
- 3) Value labels:**
 - Value labels were standardized based on the original data collection instrument deposited by the Principal Investigator.
 - Any spelling errors found in the value labels were corrected during ICPSR processing.
- 4) Missing Values:**
 - Missing values were standardized as per the study's convention.
- 5) Unknown code:**
 - Any unknown codes were given the value label “Unknown Code – ICPSR ADDED”.
- 6) Special Considerations**
 - More information about the construction of the substitution variables in this dataset can be found in **Table 8** in the document “**Methodology and Technical Notes**” included with this study.
 - Mode and mean substitutions were made using the value for participants’ corresponding **subgroups** defined by race, gender, and sexual orientation.

Project STRIDE: Stress, Identity, and Mental Health

Variable Description and Frequencies

Note: Frequencies displayed for the variables are not weighted. They are purely descriptive and may not be representative of the study population. Please review any sampling or weighting information available with the study.

Summary statistics (minimum, maximum, mean, median, and standard deviation) may not be available for every variable in the codebook. Conversely, a listing of frequencies in table format may not be present for every variable in the codebook either. However, all variables in the dataset are present and display sufficient information about each variable. These decisions are made intentionally and are at the discretion of the archive producing this codebook.

SOS1: SOS1: SEX CONTACT PAST YEAR

The next several questions have to do with ideas about sex and sexual practices. In the past year, did you have sex or sexual contact with men only, with women only, with both men and women, or have you not had any sexual contact in the past year? (INTERVIEWER: For follow-up interview, "past year" is the time since the last interview?) (Choose one)

Value	Label	Unweighted Frequency	%
1	With men only	238	45.4 %
2	With women only	191	36.5 %
3	Both men and women	68	13.0 %
4	No sexual contact	27	5.2 %
	Total	524	100%

Based upon 524 valid cases out of 524 total cases.

- Minimum: 1.00
- Maximum: 4.00

Location: 96-96 (width: 1; decimal: 0)

Variable Type: numeric

(Range of) Missing Values: 7 , 8

SOS2: SOS2: SEX CONTACT FIVE YEARS

How about in the past 5 years, that is since [YEARS5]? [PROBE: In the past 5 years, have you had sex with....] (Choose one)

Value	Label	Unweighted Frequency	%
1	With men only	204	38.9 %
2	With women only	159	30.3 %
3	Both men and women	157	30.0 %
4	No sexual contact	4	0.8 %
	Total	524	100%

Based upon 524 valid cases out of 524 total cases.

- Minimum: 1.00
- Maximum: 4.00

Location: 97-97 (width: 1; decimal: 0)

Variable Type: numeric

(Range of) Missing Values: 7 , 8

SOS3: SOS3: SEX CONTACT SINCE 18

How about since you were 18 years old? [PROBE: Since you were 18 years old, have you had sex with...] (Choose one)

Value	Label	Unweighted Frequency	%
1	With men only	117	22.3 %
2	With women only	79	15.1 %
3	Both men and women	240	45.8 %
4	No sexual contact	0	0.0 %
Missing Data			
9	Missing	88	16.8 %
Total		524	100%

Based upon 436 valid cases out of 524 total cases.

- Minimum: 1.00
- Maximum: 3.00

Location: 98-98 (width: 1; decimal: 0)

Variable Type: numeric

(Range of) Missing Values: 7 , 8 , 9

SOS4: SOS4: SEXUAL ATTRACTION

In general, are you sexually attracted to men only, mostly men, both men and women, mostly women, or women only? (Choose one)

Value	Label	Unweighted Frequency	%
1	Men only	158	30.2 %
2	Mostly men	83	15.8 %
3	Both men and women	47	9.0 %
4	Mostly women	83	15.8 %
5	Women only	141	26.9 %
Missing Data			
7	Don't Know	1	0.2 %
.	-	11	2.1 %
Total		524	100%

Based upon 512 valid cases out of 524 total cases.

- Minimum: 1.00

- Maximum: 5.00

Location: 99-99 (width: 1; decimal: 0)

Variable Type: numeric

(Range of) Missing Values: 7 , 8 , .

SOS5: SOS5: APPEAL OF SEX WITH SAME SEX

How appealing to you is having sex with someone of the same sex -- very appealing, somewhat appealing, not appealing, or not at all appealing? (Choose one)

Value	Label	Unweighted Frequency	%
1	1 Very appealing	368	70.2 %
2	2 Somewhat appealing	61	11.6 %
3	3 Not appealing	41	7.8 %
4	4 Not at all appealing	54	10.3 %
	Total	524	100%

Based upon 524 valid cases out of 524 total cases.

- Minimum: 1.00
- Maximum: 4.00

Location: 100-100 (width: 1; decimal: 0)

Variable Type: numeric

(Range of) Missing Values: 7 , 8

CLO1R: Out to family

For this part, please tell me how much you are out of the closet to the following groups of people in your life. Please look at Card C and tell me A, B, C, or D. Are you out to all, out to most, out to some, or out to none of your... Family? (Choose one)

Value	Label	Unweighted Frequency	%
1	out to none	40	7.6 %
2	out to some	88	16.8 %
3	out to most	81	15.5 %
4	out to all	187	35.7 %
